Deadline Approaching: POH 2022

Posters on the Hill (POH) is a critical element in CUR's advocacy efforts. It is more important than ever that the voice of undergraduate researchers and their mentors are heard on Capitol Hill. This prestigious event celebrates the impressive work of the accepted students and prompts the messages of the importance of
undergraduate research at the federal level. POH 2022 will take place virtually; dates will be announced in early 2022. CUR encourages you to support your students in submitting their undergraduate research abstracts by December 13, 2021. Learn about the process and how to submit >>

---

**Early-Bird Registration Ends This Month**

**CUR Dialogues** (February 14-18, 2021) is an interactive virtual event where the UR community joins federal agency program officers and other grant funders to discuss connecting you to funding and grants. This program will provide a new, affordable, virtual experience with the additional option of having a guided offering involving more hands-on guidance and feedback. Early-bird rates end December 31, 2021.

Want to send more than one team member? Expand your institution's knowledge and save on registration. Receive 25% off your entire registration price when sending three or more team members. Register today >>

---

**Share Your Approaches, Experience, and Scholarship**

The inaugural ConnectUR conference will take place June 23-24, 2022 online and June 27-29, 2022, on-site in Washington, DC. This unique dual delivery experience will provide a forum where attendees can draw on knowledge exchange, scholarship of teaching and learning, group discussion, and community building to expand their approaches to undergraduate research.

CUR is now accepting proposals within these focus areas: leadership for undergraduate research; diversity, equity, and inclusion; advocacy and partnership; collaboration and community; and accountability and sustainability. Find out how to submit and download the submission template here >>

**Featured Undergraduate Research Highlights**
VIU Anthropology Graduate Unearths Two-Million-Year-Old Skull

Samantha Good is graduating from Vancouver Island University (VIU) with an accomplishment few anthropologists achieve in their lifetime – unearthing a two-million-year-old skull belonging to an early human ancestor.

Let Us Celebrate You!

Has your student recently been published, won an award, or completed their research? Has your institution written a piece about undergraduate research? Let us celebrate you. Click below to find out how to be highlighted in our monthly release.
