

UCLan's URS

Undergraduate Research Society

Background

Ten students were invited to present research carried out as part of the University of Central Lancashire's (UCLan) internship scheme at the 2010 National Conference for Undergraduate Research (NCUR) at the University of Montana, USA.

Inspired by the presentation given by students from the Research Society of the University of Wisconsin there was excited discussion and conversation.

The inaugural meeting of UCLan's URS was held in the shadow of the Rocky Mountains.
