Watch Full Interview

The CUR President’s Quarterly is an update straight from the 2021-2022 CUR President on what is happening in CUR, behind the scenes, and with the CUR community. These quarterly’s take place in a recorded video interview located on the CUR YouTube channel. From the executive board to CUR members, these messages will keep the undergraduate research community aware of the information, events, news, publications, and happenings of CUR.

The final Quarterly schedule for the 2021-2022 membership year will be released in June 2022. If you are interested in sending in questions to potentially be asked to the CUR President, please note the deadlines on the CUR Volunteer page.
The 2022-2023 membership year kicks off July 1, 2022, which means - it’s renewal time! Make sure you are kept up to date and in the loop with all things CUR and undergraduate research community-related by renewing your CUR membership. The Executive Board has extended all 2021-2022 prices to be valid until April 30, 2022. After April 30, membership rates will increase. Renew early and save money!

April marks CUR’s volunteer appreciation month. We give extra thanks to the hard work and dedication of all those community members who gave their time and commitment to help undergraduate research excel. Make sure to follow us on social media with #CURVolunteerAppreciation and make a post thanking a volunteer you may know!
