

## *i love working with Elizabeth because...*

...she always has my back.

Her ability to use 45 minutes of an hour to be human and make the remaining 15 minutes as effective as if we worked the whole time. She builds understanding of her as a person, comradery, and prioritizes being human- and then is a rockstar expeditor.

My favorite part of working with Elizabeth is her enthusiasm and energy. Our resident extrovert - who we desperately need on this team. Her confidence to be unabashedly herself and to go for what she wants. Her willingness to always push the team to try new things, think outside of the box, stretch even further, and to not let being told no deter her from what she knows in her gut is the right decision or is worth the risk.

Elizabeth is the mastermind behind the CUR brand. She values the input of the team to ensure messages come across in a way our members and customers can understand, which makes my job easier. Elizabeth is hilarious and remains her authentic self! If you are not in the best space, have a call with Elizabeth, she can always make you laugh or put a smile on your face.

My favorite part about working with Elizabeth is how she always has a creative way to handle any situation and she does it with grace and an amazing sense of humor.

I love Elizabeth's passion and how she can create beauty and order out of chaos.

ELIZABETH MORIS

DIRECTOR OF BRAND ENGAGEMENT

Energizer and Provocation

Provocator of seeing things differently.

Creative - Elizabeth has such a creative mindset! The ideas she comes up with, the language she creates in messages (including our holiday OOO messages), are priceless! The passion she has for the work she does shows through her creativity.

Creativity & Ability to think quickly

## *Her Superpowers are...*

Igniter of fun, enthusiasm, boldness, and passion

Never settling for the status quo.
