

i love working with Jodi because...

...drama free.

Who can join an established team, with plenty of quirks and lots of intensity, and appear to so effortlessly fit in, become essential, and impress them all- Jodi!

My favorite part of working with Jodi is her curiosity and willingness to jump in and learn anything and everything. Her tenacity - even with the most tedious of tasks. Her flexibility and ability to go with the flow.

I love working with Jodi because of her questions and eagerness to learn more. Her constant smile brings lots of sunshine to long meetings!

Jodi and I work well together to assist CUR members and customers. I can count on Jodi to jump in and complete tasks. Jodi has a love for shopping and shares valuable insight..including how to make an online purchase and have it Door Dashed to you from the store!

I love how Jodi brings a peaceful, cheerful, and caring nature to work each and every day.
