

i love working with Pam because...

...she knows the answers for all my Taylor questions.

She never thinks twice about prioritizing staff safety, well being, or experience- she holds us to living our values even when it is not the easiest thing to do.

Pam is my "go to". If there is a system question, process questions, etc. I can contact Pam and we'll brainstorm to figure out the best solution from both a financial and processing standpoint. Pam always makes time for me, even if she is "technically" off. I also appreciate Pam's facial expressions. Her face tells it all. Something we both have in common.

I love working with Pam because she knows my crazy and laughs along with me, but she also has the kindest heart so she will never judge that said crazy.

I love how Pam sees around the corners, is easy to talk to, and has an incredible amount of empathy and care for others.

I love working with Pam because she empathetic and a wealth of knowledge on all things CUR.
