Scholarship and Practice of Undergraduate Research (SPUR) is published in the fall, winter, spring, and summer by the Council on Undergraduate Research.

The mission of the Council on Undergraduate Research is to support and promote high-quality mentored undergraduate research, scholarship, and creative inquiry.

Journal Purpose

Scholarship and Practice of Undergraduate Research (SPUR) is to serve as the leading international, cross-disciplinary scholarly destination for those committed to effective, inclusive, and diverse experiences in mentored undergraduate research, scholarship, and creative inquiry. SPUR advances knowledge and understanding of novel and effective approaches to mentored undergraduate research, scholarship, and creative inquiry by publishing high-quality, rigorously peer-reviewed studies written by scholars and practitioners of undergraduate research, scholarship, and creative inquiry.

Journal Audience

The audience encompasses the many individuals interested in quality undergraduate-level education and professional preparation such as postsecondary administrators, faculty, staff, researchers, and student mentors both on and off campus, as well as industry professionals—all those involved in the scholarship and practice of undergraduate research around the world.

CUR Advertising Policy

The Council on Undergraduate Research accepts advertising from organizations and individuals if such ads are in line with CUR's tax-exempt educational purpose, which is to promote undergraduate research and education.

For more information, contact CUR at cur@cur.org or 202-783-4810.

Accessing SPUR

CUR members receive access to SPUR as a benefit of membership (delivery channel is dependent on membership type). For other individuals, the annual subscription rate is \$55. For libraries, the subscription rate is \$95 annually. SPUR also is available through EBSCOhost and ProQuest Education and is indexed in ERIC.
