"In a time of rapid change and complex challenges, it can be difficult to navigate the evolving landscape of higher education, research, and community impact. That's why coming together matters now more than ever. At the 2025 ConnectUR Conference, we'll explore how undergraduate research can be a force for positive change—on our campuses, in our communities, and beyond. Whether you're a faculty member or administrator, this event is a space to share ideas, find support, and collaborate with others who are on the same journey."

- Tsu-Ming Chiang | Chair of the Annual Conference Advisory Group
